I just learned today of Gerry's passing and I am stunned. I knew Gerry from Palmer College of Chiropractic and we were both from Michigan. While at school, we both shared a unique experience of going to Nepal and bringing chiropractic care to wonderful people, half way around the world. It was a wonderful experience many years ago that I will never forget.
I always looked forward to seeing Gerry at the MAC conventions, where he was always present. I was just telling a colleague today that we would be running into him at the convention. I was stunned to hear of his passing back in April.
Gerry had a love of people and for bringing the miracle that is Chiropractic to those people, to ease their pain, to bring health back to the body, and to live at one's maximum potential. He was a kind hearted soul with a wonderful gift who always had a smile on his face. While we only ran into one another twice per year at conventions, I always looked forward to seeing him. He will be missed by many. Rest in Peace, old friend.

Dear Johnathon and Family -
I am so sorry that I could not be there to share my condolences in person.

Your father and I shared many patients and I know he was loved and respected.

He showed true compassion to his patients - that is not something learned in school, but a blessed trait.

I miss him.

Please let me know if there is anything I can do for you and your family.

Sincerely,

Keith R. Hoffmann ,M.D.
