“ You will be missed Mr. Gutman. I met him through his daughter Ann and have always kept him and Nancy in my thoughts all of these years. I am so sorry to hear of his passing and pray he is with his beloved Nancy again. Rest in peace.

“ Damn pops I never thought this day would come. I'm holding it together the best I can for the family. I appreciate everything you've done for us as a family. You were more than just my grandpa. You were my ace, my best friend, and the person I could always come talk to. I'll never forget seeing you in the bleachers of every game or practice always telling me to keep my glove up. You are honestly the greatest person I have ever met and my biggest role model in life. I will continue to strive for excellence and make you proud. Rest in paradise and tell grandma I said I love her. PS...I hope they have mcchickens in heaven.

“ New years eve, 20 below. Everyone was going outside to make sure their car started. I said "My car always starts!" So later, after everyone left, I said my goodbyes, went outside, pushed down on the gas pedal. It stayed down, frozen. I turned the key and the car started, the motor running at top speed. Then there was a big BOOM. I turned off the car, knocked on the door. I think he had already gone to bed, but now he was coming down the stairs saying I told him to go out and make sure it starts! he showed me the spring that was frozen, pushed it back and forth and I was on my way. I always felt bad that he had got out of bed.
For some reason, I was thinking of him today.
