

Gloria Gosskie

June 26, 1934 - September 20, 2020

Gloria died peacefully on September 20, 2020.

She is survived by her dearest friends Douglas and Jackie.

Loving aunt of Heidi and Daniel.

Predeceased by her brother Ed, her sister-in-law Julie and her nephew Stephen.

Gloria is happily reunited at the Rainbow Bridge with the love of her life, Max, the standard sized white poodle.

She always loved her Tuesday movie night.

She will be missed dearly by her friends and family.

“ Gloria was an animal lover. She would always ask how my pets were doing and she frequently sent them treats in the mail. We enjoyed her company when she joined in our family gatherings. She was a kind and caring person who will be truly missed.

“ I didn't get to spend much time with my Aunt Gloria, unfortunately there has been a lot of losses in our family over the past 6 years. She will be missed as much as the ones we've lost before her. She was a kind, loving person. She especially loved animals and her favorite was Max. Her good friends Jackie and Doug's dog. They took very good care of her and she took good care of Max. She can rest easy now with no more pain and forever be with her family. Love you Aunt Gloria!

“ May you rest in peace my lovely Gloria...You will be met by Lee and your mother and father at the gates of heaven. I will miss our weekly talks and do know that you are being taken care of.

Lots of love from your cousin Sharon and her family.

“ I worked with Gloria for many years and considered her my friend. She took the bus to work each day and always had a tale to tell. She spoke highly of her niece Heidi and nephew Daniel. Her love of animals was enormous. She brought treats for my cat and my dog and even my bird! She refused to give up her "manual" typewriter at work and it was an experience to back her up when she was on vacation. She never ceased to amaze us with her new earrings every day. And she NEVER forgot to send me a card on my birthday. I will miss our calls and I will miss her! Rest in peace Gloria!
