

Myles Jacob Ruiz

March 5, 2003 - March 28, 2021

Beloved son of Jeffrey and Maggie Ruiz and Rachel and Spencer Peters.

Loving brother of Violet, Chelsea (Sam), Megan, Ben and Levi.

Dear uncle of Jude, Hannah, Jasper and Lucy.

Grandson of Richard T. Ruiz, George and Mary Joyce Beach and Christine Bubier. He will be dearly missed by many Aunts, Uncles, Cousins, friends and furry friends: Chiro (Cat) and Frankie (dog).

Myles was an absolute Rockstar for Troy Athens Marching Band. He was a featured soloist in Troy Athens' 2019 'Pirates' show and helped train so many new marchers in his time in marching band. In jazz band, he could solo, play songs by ear, and put together many virtual compilations for the trumpets over the past year. He loved playing his trumpet, mellophone, and being with his band friends. So many of them were impacted positively by Myles.

Myles loved his family. Whether he was playing video games with his brothers, going sledding or playing in the playground with his nieces and nephews. He loved going on walks with family and their dogs. Myles was adored by his brothers, sisters, nieces, and nephews.

Myles loved biking. He would go on 200 plus mile bike rides with this father. He was a master of riding no handed. He and his father would hit all the key eating spots while on the trip. He loved a huge breakfast, pizza, the biggest hamburger (he loved Red Knapp Hamburgers) and finishing a hot day with an icy freeze from the nearest gas station. Myles also loved taking short trips to the local ice cream shop.

Myles loved dirt and sand. His earliest pastime was to dig a hole as deep as he could and try to bury himself in the sand. He was nicknamed the "Sand Man". He would only wear sandals during the summer and try to see how dark he could make his "dirt" tan lines.

Myles was a good caring soul. Always looking for the good in people and for their best

interests. He could sense in others if they needed comfort or encouragement. He will be missed. He was a bright light for his friends and family. He touched so many souls. Hopefully, we can be comforted in that he is at peace and his bright light still remains lit in our heart and our souls.

“ I remember the first time I met Myles. He was in 2nd grade and I was in 5th grade. We were assigned as buddies at Wass. He was so kind and energetic. I was so excited to be his buddy and I was really good friends with his sister Violet. He had such a great personality. I wasn't able to see him in a school setting again until my senior year and his freshman year at Athens. It was so nice to catch up with him and see how he was doing. I'm so incredibly proud of him. I'll never forget him. Love you Myles

“ I was so saddened to hear the news of Miles passing. I have not seen him in a few years as I was his middle school band teacher at Larson, but I remembered Myles immediately when I heard his name. I remember his dedication even in middle school to become a better trumpet player and most of all is contagious smile. I remember joking with him that he had the same first name as the very famous trumpet player Miles Davis. My sincere condolences and prayers to friends and family. Mr. Crecelius

“ We were beyond saddened to hear that Myles had passed. He was a part of our family for several years, and from the time he was a little boy Myles was always sweet, kind and considerate. He always asked me to make chicken and dumplings when they visited us here in Kentucky. My deepest sympathies to all who loved him. Rachel, I pray for you daily. May God's love bring you comfort.

“ Like his father, Myles was a gentleman. Greeting you with a warm smile, he was gracious, kind and generous in offering a helping hand. I so enjoyed following his band events and father-son cycling trips. The bond between them was undeniable. May his gentle spirit be filled with the peace and joy that he shared with all who loved him.

“ Myles truly was someone so beautiful and honestly he is the best person I have ever had the pleasure of spending the past 2 years with, he was so kind, no matter who you were. He was so passionate in everything he did, whether it was coding, music playing, music theory and composition, or even just carrying a conversation, it was always so genuine and true. Hes taught me so much about how to be a better, more confident human and I think everyone can learn something from his kind soul. I'll love and miss him forever, he really was one of the most important and impactful people in my life. This is one of my favorite photos I've gotten of him :)

“ Myles was such a kind soul. When we lived next door he would play with my younger son, who adored him. Always a smile on his face, Myles was full of life and had a great sense of humor. It's been a few years since I've seen him, but I've enjoyed seeing his pictures on Facebook. He will be missed.

“ I will always remember Myles as such a wonderfully gentle soul. Quiet. Thoughtful. Highly intelligent, both emotionally and academically. But mostly he was just so good at being a good boy, and young man. So good. He will be forever missed.
