Relatives and friends are invited to attend her service on January 4th at E.J. Mandziuk & Son Funeral Home at 3801 18 Mile Road, Sterling Heights, MI 48314 from 1:00-7:00 PM.

In lieu of flowers, we ask that you please bring a donation made out to "Alpena County Search and Rescue" to the memorial, and in the memo box note "In Honor of Ada". You may also mail it to 880 Ivy Lane, Bloomfield Hills, MI 48304.

"Remember me with smiles and laughter for those times are worth

remembering, if remembering me brings tears may they be happy tears  
remembering the warm smiles and love we shared.”

Next to actually being with you that was the best dream and I like to think you were actually telling me you love me too 😭 I’ll never get over losing you baby girl...i don’t know how to live again... “ I never thought I'd have to write this. I never imagined I'd be saying goodbye to you not like this, not now, not ever. You were a part of me. You were the best part. And letting go of you feels like tearing something out of my chest that I'll never get back. it feels like the end of a whole version of me that only existed when you were near. I loved you, I still do. In ways I've never learned how to explain. In the way my heart beat differently when you walked into the room. In the way my soul felt quieter, safer, when you said my name or held me close. I miss all we had and the love we shared..I love you Ada...❤️

*I know she loved you as well. I never got to know you. I did meet you in passing a couple times. She was such a sweet sweetheart and generous and big beautiful smile. It's crazy because I was I don't even think I was a eight year older than her but she would borrow my ID when I turned 21 and I don't know if you know I think you did Christopher Salvatore that's who I dated through high school. She actually dated him to a little bit but she was such a damn sweetheart, you couldn't even be mad at her because we were so often on me and Chris God bless you Ada and that's good to see loving memories of you. Take care, my friend.*

*Thank you Lundy for being so honest on here!! It truly shows your an ALL GROWN UP MAN!! Loving, honest, mature! She truly radiated Sunshine!! I lost my parents in the last few years, actually one year and three weeks for my dad and it's just a loss you can't ever surpass. I can't imagine losing the person I was truly in love with., I was told by a pastor I've known 30+ years I miss my parents. I've lost them both now and he said that if I'm praying or thinking of them to actually say their names out loud and they would get I don't know some kind of message and having that somebody is thinking of them or maybe that myself is thinking of them so daily I say their names out loud and tell them how much I miss and love them and my little dog diesel so I must keep living on here for my children who are all grown up and don't need mom that's a tough one anyway I make sure that I say their names almost daily out loud so that they get some kind of message that they're still being talked about thought about loved from earth UGH!!*

“ Hi my angel, it's taken me 3 years to not cry like a baby at just the mention of your name, now it's close to 5 years and I can't seem to move on.. they say God won't give you more than you can handle but I don't know about that, that day crushed me, it's actually way worse than that but I don't have the words.. I guess God wanted you more than he wanted us to have you and with such a beautiful soul I can see why.. Although I've known you pretty much all your life, the two years we spent together was only a second in time, but for me will be a lifetime memory till my end. I've become a better person from the love you taught me.. I'll keep trying to do my best at everything I do knowing that's what you'd want for me. I miss you Ada...□

I no longer have the will to try and rebuild again... I am now reminded daily of my failures and mistakes, I feel I'm an accident and no one wants me around... for over 30 years I've fought my demons, raged against the darkness that threatened me, hurled my defiance into the void... now there is no rage left, no defiance. Just numbness. I have no fight left. I am broken, I am alone.. maybe that's how it was always supposed to be. Maybe fighting just made it worse and I should have given in long ago... 😞

“ Hi baby, a little bad news this month, my brother Billy was diagnosed with stage 4 cancer a couple weeks ago, I've been staying with him to help him during this hard time.. I still wake up two and three times a night looking for you or calling your name, it's messed up really.. my heart aches with pain just as bad as the day I found out you were missing, it's been almost 3 years and I can't imagine trying to date or move on, I really miss you and my love for you is as strong as it ever was...I only want you...I'll see you soon Angel ♡♡

“ God babygirl, I'm at a loss for words this month, I'm in a depressed state and can't say enough how missed you are, it's a nice spring morning today and I miss days like this with you.. It seems like yesterday you left me and all these wounds just won't heal.. I don't understand how you could leave me like this, I begged you to nol've said it before and I'll say it again, you were the love of my life, my dream come true,t do those things yet I blame myself because I was too blind to see you still were.. I've said it before and I'll say it again, you were the love of my life, my dream come true...I'm always thinking of you every minute of every day and all night long.. I love you Monkey 🌹❤️

*To me it's so sad that my Older brother's baby girl is gone so early in life. She was always the one to cheer others up and make us smile. I have some fond memories from the day she was born, and will remember Ada in all the good and fun and cheerful ways that she shared with us. She is now back with her dad and Uncle Jack. May they share the happiness of eternity together with Jesus Christ in Heaven. Love you Ada, Uncle Bill.*

“ *I did not know Ada, but I did follow the story from start to sad finish. I did this because she was somebody's daughter, sister, mother and friend. I, as everyone else, prayed for a happy ending. I didn't want her parents to have the anguish of burying their daughter, as I had to bury my only daughter. I hated to think of her siblings having to bury their sister, as I did my brother, and I hated to think of her son having to bury his mom, as I did mine. Bless each and everyone of you.*
