“ I apologize for this late entry but I only discovered the announcement yesterday. Al was a great friend of mine at GPN class of '74 and I was deeply saddened to hear of his passing. As seniors, we spent many days after school with our small band of buddies hanging out spinning records (remember that?) and playing pool after school. Al introduced me to tennis and even though neither one of us could play it was fun just hitting the ball and making up our own rules. Years later I took up tennis again and played with my sons and told them about our early attempts just trying to get the ball to go over the net. Perhaps my most vivid memory was when Al agreed to star in a film I was making for a GPN class. I remember filming it in the Momeyer basement with a borrowed 8mm camera. I wish I still had that film. Al showed real acting potential for someone who was not an attention seeker. I remember him as a sweet-natured and soft-spoken kid who had a positive attitude and great sense of humor. I regret the fact that we lost touch after high school but his memory lives on in the hearts of those whose lives he touched. Please accept my sincere condolences.
