“ Memories of Rico will always hold a special place in my heart.

I will miss our side glances with smiles of understanding brought on by the craziness from the family. Your gentle presence in this family brought so much joy and laughter. We will miss your soft, quirky humor with just that touch of sarcasm only you could get away with. Your kindness, generosity, and willingness to be there for others will be missed tremendously.

If there is bourbon up there, pour me a drink when I get there. For now, I will imagine your smile as you slide one my way when we meet again.

*Love,
Nikki*

“ I cannot believe you left us. You were suppose to live forever. You were the connection to all of our memories with mom, 40 years. I'm heartbroken you are gone... what will we do without you? You were loved and valued and treasured more than you know. We miss you so much already.

The only comfort comes from the fact that you are now with your Sue. The memories we shared this last 40 years... (since I was 13) will be remembered. I promise.

Love you so much!

Your daughter,

Therese
