“ *I love you, Stas, with all my heart. I always enjoyed our times together and you always made me feel so loved. I have a picture in my mind of me traveling to Warren, and opening the door to your house and you jumping up and giving me a big hug. I will miss those hugs and greetings of love, but I know that when I get to our heavenly home....I will open the door of your home and you will once again jump up and give me a hug. Love eternal, your sister, Paula*

“ Dear Kathy and Terri, Although we can no longer see her or listen to her laughter or hear her unique voice (which I loved), she will always be with us in memories and she will show her presence when family members say or do something similar to her ways (a gesture, a facial expression, a word or phrase she used to use, etc). I never got to see her much but when we did -- we always could laugh so easily together. She had a way also of saying things... Unfortunately the example that keeps popping into my head is what she said to us three the last time we were together. It was funny then but not now. Hopefully it will become funny again one day. I will miss her. Love you both and take care - with my deepest sympathy your cousin Alison.

“ *Kathy, Terri and family, we will always love and miss Aunt Stasia. I wish we had more time to spend with her, but now she will be with all of us always. I'll always remember how she made us laugh whenever everyone came in to visit, or how she, Aunt Paula, Aunt Molly and Aunt Alice would always get lost whenever they were going somewhere together. It didn't matter how far apart we lived from each other, whenever we all got together the miles disappeared and the love for each other showed through. I get comfort from the fact that her family was there to greet her on the other side and give her all the love she had on this side. God bless all of you and keep you safe in his arms. We love you always and forever.*

“ I remember all the gatherings at Aunt Alice & Uncle George's home in Hershey. My fondest memory was the summer of 1990 (i think), when my Grandma, Pap & Great grandma English took me on a road trip to Michigan & Indiana. We stayed with Aunt Stas and her family. She took us to a K of C picnic, where I won the watermelon eating contest, and the Detroit Zoo. We went to dinner with her & a friend, I ate so many mashed potatoes that i up-chuked in the parking lot. I'm pretty sure Aunt Stas's friend was happy i didn't do that in his car. It was so wonderful to have her & all my Grandmas remaining siblings at my wedding. I've been blessed to know Aunt Stas. Thank you for being the strong lady you were. Your all in my thoughts, she will truly be missed. All my love -Tiffany
