“ I spent more time in her office at High elementary than I care to admit but she was always pretty fair and kind. I grew to share her love of the Ford Mustang, as my dad was an engineer at Ford, because her office was ordained with frames pictures even toy models. Very sad to hear she's no longer with us. I was fortunate enough to visit her at Haigh back in 2008 with another classmate. She got to meet our first borns, little boys born 8 days apart. Resy easy, Ms. George.

“ We were shocked to hear of Connie's passing and were reminded how easy it is to lose touch with old friends. Barb was just recently thinking about Connie and fondly remember the good times times she shared with Connie, Karen and Joyce.
