“ *Dear Sam, Faye and family:  
Dino had a special place in his heart for Danny. He had bought him a special gift from Lillehammer in '95. Life is often too short, I have learned to enjoy the moments, treasure those moments! With those moments, Danny will always be with you.  
Our deepest condolences to all of you.

“ *After working as a para pro with Danny every day in 6th hour at SCHS, it was definitely my privilege to know him. He was a delight. My deepest sympathy to the family dealing with the loss.*

“ Dear Kassab Family, what a surprise. Please know that you are in our thoughts and prayers. Danny was a very special person. When ever I think of him I see that big smile, all wrapped up in his blanket dangeling in the trees at Vent Camp and loving every minute of it.
