“ *Dave was a Pratt an Whitney Job setter in dept 10 at the Ford Sterling Axle Plant. Dave was an excellent setup man and could troubleshoot and diagnose and fix any problem that came about with the earlier Landis and latter larger and very sophisticated Pratt-Whitney pinion grinder. I personally relied on Dave's wisdom and wit on many of the problems i came across as a supervisor at the Ford Sterling Plant. If there's an rear axle plant in Heaven Dave's helping it run. Dave was a wonderful man and friend and last but not least could talk your ears off, sincerely and saddened by your loss, May Dave Rest in Peace. Micheal F. Surant,retired #3 shift supervisor, Ford Sterling Plant.*

“ *I remember when we were kids that we would go and get appliance boxes. We would make a fort out of them, we had candles and door ways, so we could go from box to box. I also remember him getting mad at me and throwing all my dolls out of the upstairs windows, we both got in trouble. I also remember david tying a string around a snake and taking it for a walk. we had fun when we were kids.*
