“ *I have fond memories of my experiences working at Ross Roy with David during the Summer of '74 (if memory serves.)*

Michael Kandrac - April 07, 2023 at 11:37 AM

Actually, it was the Summer of '72 and it was Mark Tyro I worked with at their father's place of business, Ross Roy. My condolences to all the members of David's family.

“ *My boyfriend and I used to work with Dave many years ago. I won't mention how many but he was very wise and always had a quick wit and I was sorry to hear he has now passed away much too soon. He was a one of a kind special guy who will be missed and never forgotten. I won't forget the fun practical jokes in our job shop that made the workday fly by. Great guy. My heart goes out to his family.*

“ I worked with Sir David Tyro right up till he retired. Always loved his old-fashioned tell-it-like-it-is attitude. Sir David always took the time to ask about our adventure travels and whereabouts rather than dwell on his own challenges which speaks volumes to his character. We worked well together and I enjoyed reminiscing with him about good ol' times and what it was like for his generation growing up. Lots of wit and wisdom from the one and only Sir David Tyro. We will miss you, Sir.

“ *Dave and I worked together for several years... He was an excellent designer, dedicated to doing a good, thorough job.*

We met for lunch a few times in recent years, and I appreciated his sense of humor, his patriotism, and conversations. And, even as he suffered during his horrible illness, he strove to be positive.

I am saddened by his passing but know that he is resting in peace.
