“ *I am so sorry for your loss. Dennise was a high school friend and always had a smile. Later at our 40th reunion she had not changed and it was as if the years had not changed her bubbly disposition. She will always have bring a smile to me when I think of her.*

“ *Dennise was part of our family here at work and it is always hard to lose a part of the family! We will definitely miss her! Dennise had a great sense of humor and that is what I loved about her. She, also, made great Rum Balls but sometimes she put a little to much Rum in them (she would joke about) but they were still good! I will pray for peace for your family to get through this difficult time. Please accept my condolences.*

“ *Our Dennise, my friend,
I can't express the loss I feel and know you, her brothers, sisters,
nieces and nephews are feeling. God be with you and bring you
peace. I remember one day leaving the building at Fraser and
Dennise driving into the parking lot. I could hear hard rock music
playing but couldn't figure out where it was coming from until
Dennise shut off her car!! Yep, rockin' out to AC/DC. She had just
bought her lotto tickets. She had a quiet way about her, dry sense of
humor that made you laugh minutes after she spouted a zinger.
Seeing her beloved Tigers, with a quick stop at the casino, a perfect
day for Dennise. I miss her now and will always. Love You Dennise.*

“ *Dennise's Family, Friend's & Co-workers,*

I spent Dennise's last evening with her. I am very blessed and honored to be the last person she had spoke too. Even though I had worked with her for a year I really didn't know Dennise as a person but that last evening I asked her about her life. I asked if she was married or had any kids? Her response was definatly a "Dennise response", she said "NO, the guy would have to be a millionare for me to give him a chance!" She always had a sense of humor and that was one reason why I enjoyed working with her. She then began to tell me about her younger years working at GM. She told me she had some crazy nights working there, nights she will never forget. She said that her GM crew was like a family to her. I'm glad I asked her about her life, it's almost like she was supposed to think about everybody important to her before she had passed and I am very honored to be a part of Dennise's life. I will keep her family and friends in my prayers.

Thank you,

“ *LaFountain Family,*

My heart goes out to you during this very difficult time. Dennise trained me when I was hired in 2011 at Henry Ford. I was so afraid of her when I first met her! After getting to know Dennise, I realized she was the most funny, caring, and also generous lady I have ever met. I loved listening to her talk about scrap-booking and lottery tickets! Now I'll have to start playing the 3 digit lottery. I'm sending my thoughts and prayers to you and I know she is watching over everyone. She will be missed by many.
