“ Diane was barely 14 when I said eyes on her few years later her and her then husband Tony the father her children was the best man and maid of honor at our wedding when I married her brother Gary. Seems like a lifetime ago yes Diane was a little sassy and direct even as a 14-year-old kid she grew into a wonderful loving mother and a wonderful caring woman. Someone once said that an unoccupied chair at a table means that someone you love and respected is no longer there but then again we are all honored to have known the person that occupied that chair. Say hi to Carl and Babe. I'm sure Carl will be standing there with that big red box of candy for you one of my fondest memories because she was a Valentine's baby and his little girl
