“ Dolores Tyro was a wonderful woman. When we first met she make you feel like family. She welcome you into her family. I can remember her Christmas family dinner. they were a lot of work but in the end she loved cooking for her family. I 'm honor to have known her. RIP Dolores you will be missed.

“ My Grandma always had a smile on her face, she taught me that no matter what was going on in my life, I should always look for the silver lining in the cloud. She taught me to appreciate nature, we would sit in the garden when I was little and she would tell me about the flowers, the vegetables, even the bugs had a job in the garden. I always loved going to my grandparents house. I looked forward to hearing the stories of how my grandma grew up. How different the world was back then. Grandma always had something to tell me about her childhood. She was so wise in her advice. When I felt my world was falling apart, she made me feel like I could survive. More than once I've found strength in her words. She always kept a positive perspective and looked for the good in the bad. I'm blessed to have an amazing grandma who always had so much love to give. Your life lessons will stay with me and my family forever. I love you.
