“ *Hi Mom! I went to the bank drive through yesterday. The one we used to visit together & enjoy the view of that majestic tree living directly across the street. That brought back so many memories of just you & me driving around town on errands & listening to music. The giant tree is doing good! I think that is a special memory that will always bring a warmth to my heart. I'm glad we had that time together.*

“ Hi Mom. I drove by your house today. It took us over a year to settle things. It was so hard to clean out your stuff. Kelly & Donald worked so hard to honor you in the presentation of your home to its new owners. You would be so proud of them. Your house sold to the very first people who looked at it. That was very difficult too since you & Dad were the original owners, you having been there over sixty years. That's a long time & a lot of memories. As you probably already know, your two kitties are living with me now. They are very happy & well adjusted. Toward the beginning Amos & I were on the couch and he was getting pet & brushed like you used to do. He turned his little feline mug up towards me & I knew exactly what he was telling me. I told him, "I know Amos. I miss her too." There was a car in the driveway today and all the windows were wide open catching the breeze and I knew that everything is OK when I saw a little kitten face looking out the window. The people who bought your house are animal lovers too. It would please you. We miss you Mom & love you.

“ Dorothy was such a sweet woman. As a child I would always walk over with either my dachshund, Guinea pig or pet rat. She was always happy to see us and welcomed us right in. I have so many fond memories of visiting her Molly and the kitties. She was an amazing woman who will truly be missed.

“ one of my earliest and favorite memories Mrs. Henkel/Dorothy is while I attended Oakwood Junior High w/ Carrie when the Henkels had an ice-rink in their backyard during the winter, and a bunch of us kids were enjoying ice-skating. After awhile, Dorothy called us all in to get warm with a cup of hot chocolate with (this is the kicker) a scoop of vanilla ice-cream in it. I've never had hot-chocolate like that before or after that day, but I will always have that nice memory.
