“ My heart reaches out to the Morouse family during this painful time. Mrs. Morouse was extremely influential in my childhood, which even reflects in my life now. I always loved her creative cooking, the beautiful peonies she grew and her love for her family. She allowed me to join in trips to Canada to visit family, sleepovers as a kid, and still stood by at my wedding assisting Mr. Morouse snapping my wedding photos. I will always have fond memories of her and even now I smile feeling the warmth and kindness she encompassed around me. I can hear her sweet laugh. I'm planning on being there for her service. Love you all, Wendy Priebe Wannner
