We. But if anybody ever needed anything, You were always there for them. You always put your family first, even when you became sick. I know I heard you fought to stay alive. It hurts me to see you struggle to breathe. And because of that you missed out on many events. I wish you could see your children together. You would be happy and proud. Because that's exactly what you wanted. I don't know how I'm going to get through this, I'm going to miss me waking up to the sound of you retreating or you watching to be when I get home from work. It doesn't feel right being in this house without. I'm sorry I never got a chance to thank you for helping me with momma when she was sick. Or how you always

Dad, I wish I could've done more for you, I'm sorry I gave you a hard time. I know that you were always independent and never asked anybody for help in your life. But if anybody ever needed anything, You were always there for them. You always put your family first even when you became sick. I know I hard you fought to stay alive. It hurts me to see you struggle to breathe, And because of that you missed out on many events. I wish you could see your children together, You would be happy and proud. Because that's exactly what you wanted. I don't know how I'm going to get through this, I'm going to miss me waking up to the sound of you nebulizer or you watching to tv when I got home from work. It doesn't feel right being in this house without. I'm sorry I never got a chance to thank you for helping me with momma when she was sick, Or how you always tried to defend when she wouldn't listen. I know God said it was your time to go and wanted you to be his Angel 😇, But little did he know I wasn't ready to let you go. I just want you to know how proud I am to have a father like you, I'm going to miss you so much. May you Finally Rest In Peace. 🙏❤️🌹 I LOVE YOU DAD ❤️💙
