“ *I will clearly miss my Uncle Floyd. He was one of the most intelligent men I've ever met. So sweet and loved his family very much. Especially my mom who is his youngest sister. I know she is missing him very much already. We were all blessed to of had him in our lives for 89 years. Love and missing him.*

“ *It has been many years since our families have seen each other but remembering the good days when we swam in the pool and played together bring back fond memories. Your parents were always so sweet and nice. Your Dad was an exceptionally kind and good man. He always seemed so quiet and soft spoken. I remember going to my Aunt and Uncles and seeing them in their yard. Norm has very nice memories of your Dad on the police force. We lost our Mom and our younger brother six months to the day of losing her and it is not easy losing our loved ones. The only comfort we have is to know they are no longer suffering and are in heaven...May your loving and good memories become treasured and cherished. I know he will be missed. May God Bless each of you and give you strength. Norm and Janet Gottardo*

“ I can't tell you how sad it makes me feel that when I'm at Oakmont (I'm the Occupational Therapist), I will not be able to stop in and see my favorite resident there. Floyd was just such a nice man and a good person. He always seemed to be more concerned about others than himself. He loved his family so much and told me many stories about his littlest great grandchildren. We found out when I first started at Oakmont that your family and I actually lived not too far apart in East Detroit (NOT Eastpointe) and we knew some people in common. Our family friends, the Gottardos, told us stories about some of you, and especially Floyd when he was a policeman. I will miss your Dad very much. Please know that he was very special to a lot of us.
