“ *I'm sorry to bother you at a time like this, but I am trying to find out if Frank was my relative. My father and his two older brothers were born in the Republic of San Marino, Italy. Joseph, the older son, Angelo, middle son and my father, Marino Guerra. Joseph had two sons, Corradino and Frank Guerra. Corradino was born 1927 and I believe Frank was born in Michigan in 1931. I am the daughter of Marino Guerra and I live in California. Would someone please email me with any information you may have, good news or not so i know if i'm in the right direction of my family, please*
