“ *Yes Camille you are so right. The family reunions and family photos you would take Uncle Harry are truly cherished! You were very special to all your family! You and Aunt Dorothy were always at the family functions. You will truly be missed! When I sent you your birthday package Gary said you were very happy and that made me feel really good. Because I didn't get there as often as I should but I knew my little presents would put a smile on Aunt Dorothy's and your face! Peace be to you! Love always, Jackie*

“ *One of my favorite memories are all the wonderful family pictures Uncle Harry took over the years. I will always cherish the film clip Uncle Harry took at our wedding. Love your Goddaughter,
Camille*
