“ Grandpa, My heart aches without you. I feel like a piece of me is missing. I am so truly blessed to have had such a wonderful grandpa. Thank you for all the times that I spent the night at your house and you would sneak me an extra donut or cookie on the landing while grandma stood calling me to brush my teeth before bed, for all the Marco Polo games in your pool, food fight in your basement, all the "Hermit" chocolates you made sure you had when I came over, all the grandparent days at school, all our beauty shop dates we had, our LONG hours of playing chess, your funny little voices, the way you winked your eye and pointed your finger at me, your funny jokes, bean bag games, all the knowledge and SO SO MUCH love you have shared with me. I will miss you answering the phone and calling me your, "Little Hollywood Star" or asking me, "Whats cooking good looking?" Who will sing Happy Birthday to me on the phone every year? I always saved those birthday songs from you and grandma as long as my machine would keep them. Please sing to me from heaven. I could never possibly list all the wonderful memories I have of you. When I drive away from your house I expect to see grandma in the window and you in the door waving goodbye to me. Now I only see an empty door where my grandpa used to stand. Please be at the door when I enter heaven to greet me. I will look for you there. I now have my own guardian angel who I love so dearly. I miss you grandpa and Christmas and every other will have an empty space without you. You are my heart and mind and will forever remain in my wonderful grandpa. I LOVE YOU NOW and FOREVER, Your Grandaughter and Hollywood Star, Brandye XOXO

“ To the extended Ludwig family, going to miss "Mr. Ludwig", a kind and gentle man. He and the Mrs. (Ma Ludwig) were a 2nd home to many of us growing up in the cigarette sub. Mr. Ludwig always welcomed us, I fondly remember him refering to us as "you kids". On my 50th birthday, I went jogging in the old sub and stopped by. He still referred to our group as "kids". Well, this kid has nothing but fond memories and has all of the Ludwigs in his thoughts and prayers - I thank all of you for being a part in my life. Luv you all - Creighton

“ Uncle Harvey,  
To a very dear Godfather that I will miss with all your cute little "joking" accents in your voice while conversing. I will always remember: the cottage in Pinckney, Bill & Verge, the "mucky" lake, you yelling at Sue and Gary, the Outhouse, Marilyn Turner and John Kelly buying the cottage, you playing cards with my mom and dad at your house till past midnight while Sue, Gary, Karen and I would watch "Shock" theater, you calling everybody "honey", the old house in Southfield, your black cat there that scratched me near my eye (I must have been 5), eating chicken dinners at your house on Parliament, then playing ping pong, the stories you would share about my dad and mom, the argument you got into with my dad, then we didn't get to see my cousins for a year, and wayyyyy more memories. I will always have these memories!! Thanks for all those memories. I have one question, "Who's going to hold Aunt Bernice's purse"? :) I love you and will miss you. One day I hope you will greet me when I come to heaven. Bring mom and dad! Love you very much, your niece and goddaughter, Nancy Lewandowski LaCross.
