“ *â??Ciociaâ?? Hattie was the greatest Godmother that anyone could have ever had. She always made room in her gracious, generous, and loving heart (and home) for everyone and everyone who ever met her, loved her in return. She found and played a piano at our wedding breakfast 49 years ago and immediately had all families and generations gathered around, laughing, and singing together - her joyful participation remains one of the most beautiful memories of the day. She always had a broad smile, a warm hug, and a hilarious story to tell which never failed to produce unending giggles. I have loved her dearly all of my life. She was a most precious blessing to everyone who was fortunate enough to have known her. Dearest Barbara, Jeanne, Chet, Sabina, and Hazel and your families, we are so very, very sorry.  
With deepest love and heartfelt condolences to you all, Carolyn and family*
