“ *Dear Helena,*

*I can't express in words how much you mean to my family. You cared for my precious Riley and helped to raise him from the time he was only 4 months old. I remember being so upset to have to go back to work after he was born, but I knew I didn't have to worry at all because he was in grandma Lena's hands. He is so blessed to have a grandma like you to care for him, nurture him, feed him :), and love him. I am so blessed to have you as a "mom" and a friend. You are a beautiful person inside and out, and your wonderful children and grandchildren are a testament to the amazing women that you are. I will always plant coral geraniums in honor of you and I hope you fill heaven with flowers. We miss you and love you. Lori and Riley*

“ To my Beloved Wife Helen- We shared 47 years of adventurous love. I will always remember the first time I laid my eyes on you. We lived life to the fullest especially going on so many wonderful trips with our kids. We went to so many weddings, birthdays, dances and parties together. We have 4 wonderful children and 3 wonderful grandchildren along with all of our family and friends that we have so many awesome memories of. So my love I will say goodbye for now...and I will see you again someday in eternal life, so be patient for now. I will always love you forever in my heart, and thank you for all the memories....all my love, your Husband John

“ Mr. Cece and family,  
Claude and I are so sorry about your wife's passing. It was a pleasure to meet her at Amanda's and John's bridal shower plus the wedding. She was a beautiful person and she will be missed. I know she had lots of love and care shown her during her illness by family and friends. You will be in our prayers.

“ I'll always remember our times working together at the "Days Inn" and the crazy stories we always could share with each other. Boy did we laugh! You told me then your favorite swear word to use when you'd be real mad. I still use it every now and again ;) .

*You taught me a life lesson years ago about love. "The only for sure way to tell if you love something or someone is when you are not around them your heart will hurt ".*

*Although our hearts may hurt now, they can also be happy knowing that you are in the greatest flower garden of all.*

*Happy watering Aunt Helen. You can now put that green thumb to work once again.*

*Cathy, I could not stop crying after reading this. I could feel your love pouring out through your words. Beautifully said. I wish I could have known her, but in a way, I think I have, through you. Love, Patty*

*Cathy, you were there the first time I met your mom.... a wonderful helpful daughter. You shared with me your moms interest in flowers and color but especially family..... and she smiled at all the things you told me..... I felt her beautiful spirit, and was amazed at her radiant smile. She is missing all of you but content that now she is free to rest and to see how her "chicks" will grow and love and share memories that will erase the grief you feel now!!! Special blessings to you and yours.... A special hello to your dad from Chris!!!*
