“ *Lynn and I were fortunate to get to know Irene through family gatherings. She was always very kind and affectionate with abundant energy for her age. She seemed to appreciate and enjoy her life, always with a smile on her face. I know our family certainly appreciated her and will miss her. You can see her great values passed on from generation to generation.*

“ Irene was a wonderful grandma, and a wonderful great grandma. We were blessed to have her living with Neal and Carol for the last 22 years. In leaving her much-loved Philadelphia for Sterling Heights, she gave us the opportunity to really become part of her life, and her in ours.

Irene amazed us with her willingness to just get up and go -- to do anything. Not many people we know got on an airplane for the first time in their 80s!

Irene was kind, considerate, thoughtful, funny and beautiful. She has been a constant blessing in all our lives. We'll all miss her very, very much.
