

## Jae Hyeon Park

March 16, 1964 - June 18, 2023

It is with a heavy heart that we announce the passing of Jae Hyeon Park on Sunday, June 18, 2023.

Born on March 16, 1964 in South Korea.

Jae was a loving husband, son, father, and friend. He will be deeply missed by all who knew him.

Jae is survived by his beloved wife Jinny Paeng, his son Jun Park. He loved Golf, Soccer, and keeping the house super tidy. He was well traveled through his work and lifestyle. He was an exceptional Automotive Engineer throughout his career.

Jae's memory will live on in the hearts of those who loved him. We will always remember his hard working nature, his family oriented love, and the joy he brought into our lives.

He was a devoted Christian, loves Jesus Christ, and now changed his address to Heaven.

Rest in peace, Jae, and know that you will be forever loved and missed.

OP

“ Dear Jinny and Jun, I want to extend my most sincere condolences to you and your whole family. I will miss Jae as a friend and colleague. He was a remarkable person and leader. I was starting to know him better as a friend and appreciated his company very much. I worked with Jae on one particular project that was extremely challenging. He joined the team to support and lead an important aspect of it and he made a tremendous contribution. This is the kind of person Jae was: discreet and soft spoken, but able to influence and motivate others into achieving common challenging goals.

I will close by posting here a recognition note that I sent Jae in February 2022, I still feel the same and wish our collaboration and friendship could have continued much longer, I will never forget Jae:

"Hey Jae,

Thank you very much for your outstanding support for this EPP build in particular, and for all EPP topics!

You always go above and beyond, and at a very fast pace, in order to make sure things move in the right direction! In addition, your communications is always detailed but concise, with clear action items and owners and deadlines, and it makes it very easy for all team members to understand the status and how they must support.

You are truly one of the best Program Managers I have ever worked with, and it is a great honor and pleasure to work with you. 😊 "
