

James Robert Janeczko

April 4, 1972 - December 11, 2016

Beloved son of Fred and Camille.

Loving brother of Laura (Kevin) Beam and Michael Janeczko.

Dear uncle of Matthew and Alex Beam.

James attended and graduated from Notre Dame High School in 1990 and graduated in 1994 from Wayne State University with a degree in Mechanical Engineering. Shortly after graduation he was hired by American Yazaki as a mechanical engineer. While working for the company James had a chance to travel to many places including Japan and Mexico.

James was an avid golfer and he loved video games. Family and friends were of the utmost importance to James.

He was a kind soul who was very generous and will be missed dearly by his family and many friends.

“ *I realize Jim passed away almost 2 years ago, but it just came to my attention, I was reading a Notre Dame alumni magazine that I had in a stack of magazines to read later. Not sure if anyone's going to read this, but I was extremely saddened to hear of his passing. I remember him as one of the nicest, most decent guys at Notre Dame High School, where we were in many classes together. I also remember playing CYO basketball against him as I think he went to Transfiguration, and myself to St. Brendan's. Rest in peace, brother. You were a great guy.

“ *I really can't believe that it has been a year since I've seen you last and laughed with you. I know that you are probably up there laughing at all of us, but I really wish that you were down here laughing with all of us. You should be. I know that everyone feels the same as I do too. We really miss you so much.*

The last time I saw Jim we were walking out of Rio Bravo from our Christmas team lunch where we had such a great time and shared so many laughs. There was a snow squall as we were walking to our cars and we said goodbye and waved and said see you Monday. Jim walked over to his Escalade with his new knit beanie on and that was the last time that I saw him. Every time I go by the restaurant I look over and I think of that moment and how you never really know when the "last time" will be .

There isn't a day that goes by that I don't think about Jim. Whether it's a vehicle that goes by like his, us reminiscing about him at work, something funny that I'd love to tell him about or laughing about his great stories. He is in our hearts and we'll never forget him.

Thank you again Jim for being you and I hope to see you again someday...Rest in peace my friend.

“ *My thoughts and prayers to the Janeczko family.*

I am part of his Yazaki family, and started reporting to Jim in August of this year. I was very happy about this job change, and excited that I would be learning from Jim.

In this short amount of time I observed that he had qualities anyone would strive for: intelligent, honest, great integrity, kind hearted, concerned for others well-being, thankful to those who helped and supported him, calming, great leader, awesome sense of humor, a gift to creating friendships, witty, and one of the best story tellers.

The last time we were all together was last Thursday when he took us out to Christmas lunch, we had a wonderful time sharing stories and laughing. I was in the restaurant lobby watching him walk toward the restaurant, and remember thinking ‘what a kind-hearted sweet man he is, and we are so fortunate to have him as a boss’.

He created a cohesive work team, who cared for him deeply. We all feel so robbed of time with him, and are left with heavy hearts. We miss you so much Jim.....

“ I know there will be a lot of tears but I also know that's not what Jim would want. He was my first boyfriend in high school and we were very close to each others families. Everyone knew how kind and generous Jim was but he as also the funniest person I had ever met! Even after we broke up we stay very close friends. We would have contests on birthdays and holidays who could send the most stupid card (he won of course!), there were many crazy family conversations at his family gatherings about "sippin & guzzlin wine", runaway trains and lube racks! (of course his brother Mike was somehow almost always involved in these antics!) We were constantly in search of the urban legend haunted house that had 13 stories and you got your money back if you made it out (it didn't exist lol). And then there were all the football game memories-the most memorable was when the gang went out the night before the big game against Brother Rice(partied a bit too hard) where Jim had had to go up against "Ganon Dudlar!" I think Jim broke the Notre Dame record for most holds in a season in that one game & I think their "warrior song" still haunts him. I had the honor of going to 2 proms and 2 homecomings with him-he was the master of "The Humpty Dance", Kris Kross "Jump", "Rollin with Kid N Play" & "Doin Da Butt". We would rely on each other for dating advice- Jim couldn't understand why his date left him at a bowling alley once because when he got 3 strikes and the girl asked what the turkey on the screen was for, he told her that when you get 3 strikes in a row, you win a frozen turkey as a prize and sent her up to the counter to pick it up for him!!! (I told him everyone doesn't have our sense of humor and that maybe he should refrain from such antics...) But that wasn't Jim! He wouldn't change who he was for anyone & you took him for who he was or not at all. I was one of the lucky ones to have had such an amazing man in my life. Such a tragic loss of a life, but a life well lived-full of love and joy. He touched the hearts of so many and I will miss him dearly. Prayer to Mr. & Mrs J, Mike and Laura-love you and may you find peace in knowing how much Jim was loved by so many!!

“ Jim was one of the nicest people I ever had the pleasure to know. Not only was he a great employee, and co-worker he was also a great friend. He was so generous and kind there are so many people whose lives were changed for the better by knowing him, mine included. He could take a stressful situation and make it seem laughable. He became like a brother to me and I will never forget all the great times we shared. I know he is in a better place now and some day we will meet again. Take care "Jimmy" I miss you, Ken

“ My thoughts and prayers are with Jim’s family and friends.

What can be said about such a great guy. Jim was wise beyond his years in business and building relationships with people. He was liked and respected by all who knew him. I am glad to have done business with him but I am even happier that I got to know him as a person. He may never have realized it but he was inspirational to me personally.

I enjoyed the weekend texts when the Lion’s where playing the Packer’s and the phone calls to talk about a Wisconsin based Netflix series he was watching. His sense of humor and infectious laugh will live on forever in my memory.

I have had the privilege of working for Jim for the past several years and I am so grateful for it. Jim was a great boss and he was so good to our team. He could always find a way to take the stress out of a situation and get people to relax until they eventually laughed about something. He had a gift and he was loved. He was fair, had integrity and was very much respected inside and outside of Yazaki. We will miss him deeply.

Jim was everything that a person should strive to be - kind and compassionate, fun, smart, loyal, generous and a great friend. He loved to laugh and have fun and always had the best stories to tell and genuinely wanted good for everyone. I will miss laughing and sharing stories with my good friend so so much and I will treasure all of the memories.
