“ We loved you mom. We had so many memories of the fun we had at the cottage, at the Henry Ford Picnic and all the stories you told us while you were growing up. I hope that you will take care of Alan and tell him how much I miss him and you. Rest in peace mom and know that your children are all taken care of.

*Aunt Jean was the kindest sweetest most gentle woman I have ever known. She was devoted to her family and in turn they were devoted to her. Your Mom was an amazing person .She was the one you could count on to be calm and stand up to any adversity. In her own quiet way she made many lives better. I know mine is one of them. Aunt Jean was my Dads best friend growing up and that friendship continued throughout their lives. I like to think that now they are all having a grand time playing bridge and yakking away. No words can really ease the grief and pain that you feel right now, but please know that you are all in our hearts and we will miss her too. So much love to you at this sad time.*
