“ *To a great wonderful MOM! You were a great person with a Big Big heart. You loved alot of people and everyone that knew you loved you as well! It will not be the same anymore. Looking in your room making sure to see if you need anything watching movies and your cash cab or wheel or jeopardy. I will miss the advices you would give all the time and the valid points you made. The laughter I gave you when you hurt or down. And the music you wanted me to play so you could wiggle your feet and bobble your head. I am and will always be your baby boy! I miss you so much! When a problem developes I shall ask myself what would mom say! Since she was the go to person! Yup! But I thank you for giving me everything a son would ever ask for! You were...No! You are the best mother anyone would want! I love you and miss you so so much! Sleep well and we shall all meet again one day!*

“ *Carole Ziemba was the BEST MOM anybody could ask for. She was always there for all of my brothers and sisters. She did so much for all of us and there are no words to describe how much I will miss her. We may not have had everything growing up but mom tried her best to do what she could. I remember we were always the best dressed at Halloween time. People loved the idea that Mom always made our costumes for us. She could whip one up on a moments notice. Or the times we needed cupcakes or something for a school bake sale that we forgot to tell her about till the night before. We knew they would be ready for us in the morning. Most people would have gone out to buy those things but not our mom, she did those things out of love for us. She even saved my life by not letting me go to 5th grade camp. (lol) I used to get bloody noses as a kid and mom was worried I'd bleed to death if she let me go. So while everybody was at camp with supervision I got to go to school and sit in the library unattended and do homework. ( ha ha ). But all these years I knew she said no because she was so worried about me and did it out of love. There was the time I got to go to Greenfield Village. I'm sure she was sorry at that time she let me go. I had to call her from there to tell her that my group got left behind. Mom was not happy about that. I feel very lucky to have had a mom like her. Before my mom passed away I asked her if it would be ok for me to go camping now and she said as I knew she would NO!. But I knew she would say that. I teased her about it all the time. I don't have the words to tell you how much I am going to miss her. But I know she is looking down at all of us with love and missing us as well. Tell Tim we all said hi and please take good care of Aiden. I already know you are though. I love you Mom!!!*
