“ *I'm so very sorry to hear of John's passing. My grandparents owned the home I now live in across the street. As a child I remember my grandmother (Mary) would chat in polish with John and his wife. They always treated me wonderful. Several years ago one of my dogs escaped to his garage and John laughed saying he just wanted a swim in their hot tub. A wonderful memory. Many condolences to the family and I will light a candle in his name.*

“ *I am so sorry to hear about John's passing. I grew up across the street. I moved back several years ago. I was returning home one summer day and had to laugh because there was your dad outside in his shorts, with a ta, watering the grass just like he did when we were kids. It brought back many happy childhood memories.*

“ Our Condolences to you Peter and Shelley and to your entire family. Losing Dad is very sad especially during these times. Remember this my friend, in the Polish custom you hug and kiss when you come into a home to family , and when you leave, meaning we will see you later. At a funeral when you say your last goodbye, its really not a goodbye, as our faith says and we believe, it really means "till we meet again" and thus your Dad will be saying "welcome home" with open arms when we make our journey to heaven... God Bless You All Of You!
