“ Dear Toni, The tricks life plays with not a clue..We never knew when I talked to you..At your mom's funeral we didn't know..That John would leave..that he had to go..Everyone will have their day..later then sooner we often pray..For God alone tells us when.. He wants us Home in the end..Words from family & words from friends.. spell John's character among the men..

Dear Toni and family, I will pray for you..for peace and comfort to carry you through..For strength and love and Angel's song..when things seem right and things seem wrong..I wish for you that each day opens with a a smiling sun..That a rainbow follows every rain..That your days are filled with bluebirds of happiness..That God's love always shuts out your pain.I wish this for you and loving husband and father John... everlasting...

“ Dear Twany and family,

*John was a gentle giant with an enormous heart and a stubborn Polish demeanor. I can say that because I have some of those same traits.... John raised a loving family and that love will remain with you always. I will miss talking with him. His ability to make you feel really comfortable in any conversation was truly a special quality. My thoughts and prayers are with all of you and John too.

“ Dear Twaney, Kevin, Mark, Rachel & Ryan and their spouses and children. I am certain that all of you know how great your dad was. He was a very special devoted to family man. Although you may have seen the stubborn side your dad would have given you the shirt off his back or his last penny. John never had a bad word to say about anyone and he had my philosophy. Say your sorry and turn the page. Forgive and Forget. John was always willing to go the extra mile and more to take his wife where she wanted to go. When he got lost you never saw him lose his cool. John has been a gentleman for as long as I have known him which had to be since 1966 or 1967. As a young teen I could remember going on his small boat with my sisters. I guess we were chaperoning. But he invited us. I loved his attitude when my siser had to care for my mom, he treated her with total respect and helped take care of her in his own special way. John we will never forget all that you've done for family and friends and we will miss you forever. I am so glad we got to visit with you just a week ago and had the opportunity to give him a great big kiss!

“ Wow I've never had a lose in my life effect me like this one. My parents really made such an amazing pick when they chose my uncle John to be my God Father. Everytime he seen me he would always say heeeyyy hows my buddy. I can hear it now and I would always glow with a smile and say doing great uncle. Then we would continue to catch up always glad to hear that I was stayin busy. He was such a great man and would have worked til the day he passed if he was allowed to. I live my life everyday in his shoes loving, caring and more worried about others than myself. Uunfortunilty that caused his bad health not worrying about his own health but by golly I would die anyday caring more for others than being selfish minded. Uncle John will be soooooo greatly missed in my heart thank you for always supporting my decisions in my life i've made and continue to make. I really wanted to tell him everything I just wrote last time I seen him but never had the courage to do so. Thought maybe I would do it next time. But I guess he'll have to listen to me tell him in my prayes as he watches over me.

“ We are so saddened by the loss of a dear uncle. He was such a kind man who knew how to make us smile. Uncle John always wanted to hear about how we were doing and took great interest in our lives. We will miss him, but will keep memories of him close to our hearts. His work may be done here on earth but he has just begun his work as an angel. . . to look over so many. May he rest in peace and my the Lord comfort the family in this time of sorrow. We love you!

“ To dear Toni, and all the family

It will be the little things that you will remember, the quiet moments, the smiles, the laughter. Although it may seem hard right now, it will be the memories of these little things that help to push away the pain and bring the smiles back again.
