“ John Wingate you will be so dearly missed physically by your neighbors nextdoor. You were the best neighbor we have ever had. John always looked out for my Mother and i and always checked in on her while i was at work while making her day by bringing her a rose. Also he was always chasing out the weirdos that would sneak in our back yards in the middle of the night. Through out the years John took care of my yard and snow when i was sick and unable without even asking its as if he knew i needed the help. Its as if he knew i couldnt physically get to it n he just took it upon himself to help out. Im greatly appreciative and honored for him and his family for being part of our lives. We all next door adored and loved him dearly as if we were blood related. John was the best neighbor and loving devoted caring faithful man to his wife Lori and all 3 of his children and grand children and all that were close to him. He touched all of us in so many ways. John and Lori instilled a lot of good in all their children and even some of us. Including Shayla. John and Lori made an awesome team with a successful marriage. You just do not see that these days. That's why you should always marry your soul mate , your best friend. John physically will be so deeply missed but we all will carry his spirit and keep him alive with us . It was an honor to be a part of his life all these years. God bless you and your soul John Wingate we will meet up again when God gives us our turn.....love you and your family .. Dar Swain
