“ *Dear Mrs. Wozniak, John, Jay and Scott,
On behalf of our family , we would like for each of you know that we all enjoyed the many happy times we celebrated with your family . Mr. Wozniak was a loving, caring and compassionate man who brought all of us so much happiness. I will always cherish all our holidays we spent together and how loving he was to me. He always treated me like a daughter .
I am sure he is having a wonder time playing golf in heaven with my father and brother.
I love you all.
