“ Even though my godfather was not blood related, he was probably closer to me than blood related. He was there for me right from the start making sure I knew how to suck my thumb when I was a baby, taking apart their kitchen chair when I got stuck in to trying to slide out between the seat and the back of the chair, to making sure I got a new suitcase style blow dryer when he won it in a raffle, and always looking out for me when we would go on our mini weekend vacations. I Love you, Uncle Joe. 💔
