“ Aunt Joyce,.. our fire breathing spark plug personality among us all is now a missing piece of our family puzzle that probably cannot be followed by ANY of us! If aunt Joyce was in the room, she knew you were there too! You also knew you were more than likely going to be presented with a question from her about where you've been or what you've been doing??!!! I always looked forward to those opportunities to answer those questions! In her own peculiar way, every time I had a chance to meet with her it was confirmation that she had never stopped remembering me as one of her favorite nephews! God bless Joyce May!!!

“ Holding many, many fond memories of my Aunt Joyce. Quite a character in her own right. She liked my deviled eggs a lot and we shared many. Rest in eternal peace. You were loved by many.
