“ I have so many fond memories of growing up with all of you. I can still picture the house on Curie and all the fun times we shared. One time in particular was not so much fun but that was my fault. I wanted my ears pierced and of course Justine was willing and able to accommodate. She took ice cubes to "numb" the ear lobe so it wouldn't hurt, put a potato behind my ear and stabbed me with an 18 gauge needle! Needless to say the ice cubes did not help at all but I still have my pierced ears thanks to her. She was just that kind of person willing to help a person in need. Thanks for so many wonderful memories and allowing me to be a part of the family. With much love and sorrow for your loss, Mary Ann Kramer
