“ *I echo Chet's memories of Justine; Diligent, Reliable & a good friend. I enjoyed working with her and recognized a strong work ethic. I'm sure she will be missed by friends and family - I miss many of my MBT associates out here in Illinois - but carry many happy memories in my heart.*

“ *It is with sadness that the news about Justine was received. A few desks removed, a few rows behind . . . at Michigan Bell Engineering in the day. A diligent person, reliable, and a friend. Justine is in good hands and knowing her, am assured she has found the way. As difficult as this may be, take heart and you will remember the happy times.*
