“ *Daniel. Your mother was a wonderful woman that loved her family very much. I remember having many conversations with Karen on your porch. She always wanted to hear about the Josh and Daniel day. She will be truly missed. Tracy Schriver*

“ Karen and I met in Junior High School at the age of 14. We became good friends quickly and enjoyed speed skating at a beautiful rink, Farwell Skating. Karen was very good at skating, softball, volleyball and a very competitive player. While in dodgeball even the guys were cleared from the floor. There were so many other baby boomers it was not uncommon to make close friendships, drift apart and reunite weeks, months, or years later as if no time had ever passed. We always caught up at a shower or wedding, but our friendship became very close after we both married and raised our children. During our last pregnancy we were both 40 and talked almost daily. This continued and as we grew closer I learned Karen was the best baker. Some of her specialties were definitely cherry bohemian pie, brownies, and cakes. Karen and I loved flowers, growing tomatoes and some vegetables, but we despised weeding. We shared our ideas often and if I found a new solution or idea and told Karen she would say, wait..wait what did you say and then repeat the antidote or solution I gave her and almost always say, "interesting." She was a great listener. I know she was a good neighbor. Karen was a hairdresser and serviced many of her neighbors. She also was very kind and helped the elderly family with a very ill wife/mother cooking meals for them. She was a good person that loved the Lord; hardworking, kind, caring and she passed her blessings on to her family. Many blessings from our friendship. She will always be remembered.
