“ *I am one of the physicians who took care of her during her stay in the hospital. She was one of the cutest patients, and will always be near my heart. She has touched so many lives unknowingly. All these people remember you, Karina! We may not see you, but You will be forever alive in our memories through your brown transparent eyes. You are that heavenly periwinkle that will continue spreading its fragrance in this mortal world. You are in much better place now, and may your soul rest in peace.*
