“ My sweet cousin Kenny, we had so much fun growing up in such a wonderful and loving family. I have been reminiscing about our family gatherings with softball games, firemen's conventions and camping trips to KOA. You and your friends would ride your ten speeds over to visit me in the summer and we would go snowmobiling in the winter. I will always chuckle when I remember the time we got stuck in the mud filled pond behind my house. At such a young age we were in it together and had to be rescued by our fathers. You and I have missed many years in between then and now, but remained close at heart. Even if we spoke every day, I couldn't miss you any more.
