“ Dear Leah,

The past few days for me have been consumed by my memories of you. I've known you since middle school but you became one of my best friends in high school. One of many memories I have of you is, it may have been in nine grade, drama class and there was a piano .You told me you knew how to "sort of play" fur Elise by Beethoven and that being one of my favorite piece I begged you to play it. Sure enough as brave as you are, you got up and went to the piano and started playing. The whole class stopped and just listened to you play(as much as you knew how to play lol). I've always held that memory with me Leah and now every time I listen to it, I'll remember you forever. Lunches spent in ali car. Going to 7/11 to get ur favorite Tostitos..and the many more. I am so sad leah and mad that I never made the time to go see you. I am so sorry. I am sorry that you suffered. I am sorry that to had to leave this world so soon. Im sorry that you never got the chance to experience all the things to you wanted to in life. But god had bigger plans for you. To the Maroki family, my deepest condolences. To Diana, I am sorry you lost you best friend in the whole wide world. May you Rest In Peace leah. I'll always hold you close to me and live for you. Good bye old friend.

*Sincerely,
Sonya*
