“ *Always a smile on her face no matter what was going on in her life. You could truly see the love of Jesus in her. She will be greatly missed, but we will see her again.*

“ *She was so nice to me when I preached in her church. Always said she loved the word for that day. In the short time I knew her my heart was painful when I heard about her passing. We'll see her again soon. Can you imagine the reunion it's going to be*
