“ *Some of my favorite memories are with Loretta and John. Sleep overs with my cousin Heath, playing pool, a TV in what seemed to be every room, and much much more. Love you Loretta❤️ You will always be in my heart.*

“ *I've loved Loretta and Johnny since I was two years old. They loved all children as their own. We had so much fun over the years bonding with even our extended families. After Johnny's death, Loretta and I reconnected and there was a time when we talked by phone more than once a day. Our 2017 visit was thrilling, thanks to Cathy and Wayne—so thrilling that my husband considered moving close to her. She was Natalie Wood beautiful. Shy but dynamic. I will always love her.*
