*my dear friend, God called you home. No more pain, no more suffering. How Grace and Chris were there for you, they were there with you to the end. I will always remember the times we spent talking in the rectory, we shared some very special times. You were my special friend, I enjoyed our visits on Helen Street. I will never have your pierogi, babkas, and those special cookies you always made. But your friendship will be in my heart, almost 30 years, I have known you. WOW!!! many memories.*

*Grace and Chris, your mom was so special to so many. God hold you close during your time of sorrow.*
