“ *My deepest sympathy to Gerrie and family. I knew Marv from my years at GM Research. His gregarious personality always livened up a room and put a smile on my face. We had some great times at GM events in years past. He was a friend that you could rely on and will surely be missed.*

*Just want to say how sorry we were to hear about Marv's passing. I first met Marv on the softball diamond. I just started working at GM. He became a good friend. I have a lot of good memories of him. He was a character.*

“ *My deepest sympathy to Gerrie and family in the loss of your loved one. Marv worked for me for many years at General Motors as I was his Supervisor - and as the years went by, dear friend. “ There are so many great memories that I have of Marv, that it is difficult to for me pick one or even a few. I had the privilege of knowing Marv for 30+ years as he was one of my Dad's (Bob Klott) best friends!

Over the years, we were able to do many, many fun things together such as golfing, fishing, working on cars or even homes. We were also known to have a few "pops" together as well, where we spent many a conversation defining the perfect golf round or trying to figure out how to get more horsepower and speed from a hot rod.

I will always remember Marv as truly the one and only consistently sharp dressed man! He was always well groomed, well dressed and had likely the best shoe wardrobe of anyone that I knew! He always wanted to look and be his best for Gerrie.

Marv was always a kind gentlemen and treated myself and my brother Cam, as if we were his own children. He would literally do anything that he could to make any care or concern fade away. He was just a fantastic friend and role model that I will forever remember!

I will miss Marv very much...but will lean on the thought that he is in a much better place, where he will suffer no longer. Hopefully, he will catch up with my Dad and the two of them can play golf together in the heavens just like they used to on Earth!
