“ *We send you our deepest sympathy in these times of sorrow following the loss of your dear wife, mother, grandmother and great-grandmother. We did not know Marie nor her sister H el ene, as they left for the United States before we were born, we only knew Albert who had stayed in France. But our grandparents often told us about them when we were small children because they had looked after them when their parents died. That is what connects our families in a special loving way and all our thoughts and prayers are for you, particularly today. May Her Soul rest in peace !*
