If you are reading this, I have slipped into the arms of Jesus, peacefully, surrounded by love. Please don't stay in the darkness of the moment. I fought hard & loved deeply. I am not gone...I am Home.

Mary loved life, worked hard and fought hard to the end, after years of illness. She had faith in her walk with Jesus and was at peace knowing she'd be with him when the time was right.

She was proud of the fact that she had 23 years of sobriety (and so are we).

Mary was well known for presenting herself well. She would get dressed up, put on her jewelry and lipstick and then she would set out to enjoy family and friends. She loved a good joke, she loved to laugh and she had a great sense of humor. She was reserved, never wanting to be the center of attention, and simply observed from afar. She was very inquisitive and always asked tons of questions. She was obsessed with research and the weather.

Mary had a passion for animals, especially cats and birds, which she feed throughout the year. Her companion support cat, Serenity, was with her for 13 ½ years. Serenity was the love of her life and will be laid to rest with Mary.

Mary loved and appreciated the beach. Her photography included swans, dolphins, and irises. She once said, given the opportunity to do things over again she would have made photography a career. She was a giver, not a taker. She never complained and she always rooted for the underdog.

Although Mary resided in Michigan, in her heart she remained a proud Minnesota girl.
