“ Mike was one of my favorite clients. Whenever he came through my door he instantly put a smile on my face. He didn't need to make an appointment, I would take him any time any day. He gave me great advice and was like a father figure to me. I'm going to miss his smile and presence. He is now resting in peace in Jesus's arms. My love and prayers.

“ To Mary and Jackie and the Brennan family you have our deepest sympathy. I had the great pleasure of meeting Mike in 2002 when my regular electrical contractor failed on a salon job, I called Mike and he got to me in 20 min on a Saturday night and saved the day, from then on every job I contracted after that Mike was my go to electrical contractor. I remember the day he introduced me to Mary on a new job, and how happy they were, they are a great team and couple I thought to myself, and so did Mike. They were there for me when my mother passed away while on a big job, picked up a lot of slack too, he was a great man who helped improve my business, and guided me as a young contractor with his wisdom. I'm gonna miss him as well as my wife too.

“ I met Mike and Mary a couple of years ago when they wondered into my store because Mike wanted to see what one of his work vans would look like if it was in fact an R.V. One week later Mike and Mary were on the road in their very first motor home, and less than a year later they came back to see me and told me wonderful stories of people and places they went, so of course they went bigger and better. I was blessed the day I was lucky enough to meet these two beautiful people, today the world has lost one of it's truly genuine, down to earth, honest, and just all around great person. Our loss is heavens gain... God be with you Mary

“ We knew Mike (and Mary too) as our Brennan Electrical fix-it guy, and Mike would arrive in the midst of problems with a smile and gentle words. Mike was helpful when we asked, and patient with our dithering at decision time. And we felt that Mike was honestly concerned about us: two people he hardly knew but people we felt he cared about as if we were family. We know that all must step back and let time go on without them, but it is painful to be without someone we liked and depended upon.

“ Mike was probably one of the most gentle kind hearted person you could ever know. He was very generous and always took time to give encouragement to others. I've known Mike for over 25 years and never heard him speak negative about anyone or anything. He's been a client but also a true friend. You will be missed my friend but I know I'll see you in heaven one day. My condolences to Mary and his family.
