“ *Brother Ben,*

*My sincere sympathy to you and the family. I know these past few years have been very difficult for you. I did not know your father except for the once or twice I met him...but from the stories you shared....he was a very good man, husband, and father. I pray that God would give you and your family His Grace and Peace. May you find comfort in the realization that your father is no longer suffering. I pray that in time....God would take the tears of mourning and sorrow....and replace them with tears of Joy in the knowledge that your father has gone on to realize the promise that awaits for all who are in Christ Jesus.*

*Grace and Peace!*
