“ Great Uncle Mike, you will live on in our hearts forever. I have heard so many cool stories and interesting facts over the years from family and my late Grandpa (William) Kostiuk. I am proud to be a Kostiuk and I will share our history with generations to come.

“ So sorry to hear about Great Uncle Mike. It's been many years since I've seen him and I always loved hearing his and my Grandpas stories about when they were young, especially about sports. He will be greatly missed. My deepest sympathies to Aunt Jean and his children.
